**CLIENTS**

Commerzbank  
 Autostrada Wielkopolska  
 Budimex

**COMPANIES**

ComTS Ost  
 CERI International

**We understand Finance & Accounting as:**

- analysis and removal of errors in financial reporting to develop the Financial Data warehouse and follow-up systems
- invoice processing
- verification and processing of electronic data
- centralisation and automation of payments (Cash-Workflow)

**For our Clients:**

- we control and complete up to 500 invoices every day
- we actively participate in further development of financial architecture
- we book directly in the accounting systems of providers

**Example: MultiCash Transfer**
